Bring Home the Magic of Software!

\$39⁹⁹

★ Falcon 3.0

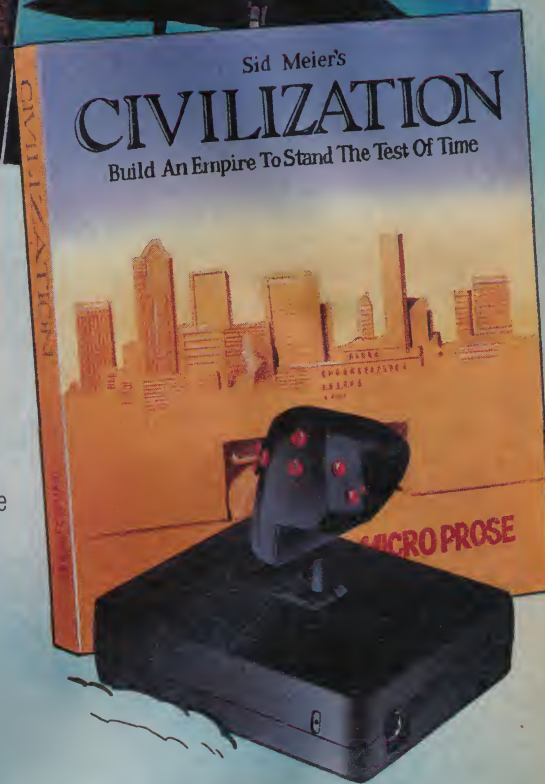

Save \$5 when you bring home this soaring drama! Falcon 3.0 simulates the eggcitement of flying a real F-16 Fighting Falcon, with a training mode that gets you up and into the air right away. Earn promotions and commendations for your victories. But don't celebrate too soon—not with MiGs dogging your tail, complete with sights, sounds, and weapons designed to make you sweat! (Reg. Egg \$44.99) For **IBM** from Spectrum Holobyte.

\$49⁹⁹

F-117A Nighthawk Stealth Fighter 2.0

Save \$5 and test your piloting skills on a whole new series of top-secret missions! Fly with better weapons, improved 3-D graphics, a more realistic cockpit, and three new combat arenas. Includes a rewritten manual with new articles on Stealth warfare. (Reg. Egg \$54.99) For **IBM** from MicroProse.

\$39⁹⁹

MegaFortress

Save \$10 on this suspenseful simulation based upon the bestselling novel *Flight of the Old Dog*, by Dale Brown. A wildly modified B-52 strategic Stealth bomber moves toward a Russian laser facility. Operate five different positions within the aircraft. 256-color and sound-board compatibility add eggcitement and realism. (Reg. Egg \$49.99) For **IBM** from Three Sixty.

\$44⁹⁹

Civilization

Save \$5 and really make history! Create and guide a civilization from simple beginnings to Golden Age glory. But it won't be easy! Up to six competing civilizations, led by the likes of Napoleon, Charlemagne, and Genghis Khan will be out to get what is yours! This is the ultimate in simulation and strategy! (Reg. Egg \$49.99) For **IBM** from MicroProse.

\$84⁹⁹

Mark 1 Weapons Control System

Save \$5 on this eggsplosive innovation in joystick technology! It's a faithful replica of an F-15 throttle that utilizes a keyboard PROM chip and HOTAS (Hands-On Throttle And Stick) technology. Nine pushbutton function toggles provide super-realistic action. (Reg. Egg \$89.99) For **IBM** from Thrustmaster.
